Match field: The playing surface cannot exceed 70 meters wide; goal line to goal line must be at least 100 yards long; try zones cannot exceed 20 meters but must be longer than 7 yards. All fields MUST have a 5-yard safety perimeter surrounding the field.

- Playing Surface:

Natural Grass Artificial Turf

- What are the dimensions of the playing surfaces?

SCRC requires the venue follow the above venue requirements. SCRC requires that there is adequate space adjacent to the match field for teams to warm-up on before their games. Two team benches located outside the safety perimeter away from spectators are required. Teams need to be on the same sideline for match management and competition purposes and this sideline must have restricted access to players, coaches and authorized personnel only. The area located between the team benches is designated for match officials and medical. At a minimum, this area needs to be covered (i.e. 10x10 tent) with a table and 4 chairs. The scoreboard operator, and PA system may be located here as well.
